THE BROOKVILLE 3074 Square Feet

» A magnificent estate bungalow with rustic accents, The Brookville is a stately country manor home. The well-balanced wide elevation has a rich palette of tumbled stone, rich brick and beautiful window variety. Distinctive dormers give this roofline a charming country quality and the balance of peaked gables centre the homes two "wings". A central entry with pleasing verandah, distinctive columns and handsome front door encourages welcoming visits. The three car garage is discreetly tucked into the side façade with a double and single bay sporting handsome carriage trade doors.
