THE CARLISLE 3615 Square Feet

» Charming country character and perfect symmetry are the hallmarks of The Carlisle. The Carlisle's elevation is perfectly balanced by complimentary peaked double gables flanking the centre facades large formal window and impressive second floor dormer. From the rustic stone, historic country shutters, brick arched entry, handsome door and authentic board and batten dormer detailing, The Carlisle has plenty of country chic! The three-car garage is tucked into the side elevation with both a single and double car bay and even has a handy "man door" for easy access to the grounds and garage storage bay.
