

The Elora | 3180 Square Feet

2 STOREY COLLECTION

THE ELORA

3180 Square Feet

» Traditional “farmhouse” features meet with a formal façade on The Elora elevation. A welcoming front verandah offers room for porch sitting and lovely seasonal planting. Pretty windows adorn this two-storey home and have charming country shutters for instant charm. Tumbled stone skirting wraps the base and end garage bay for rustic luxury. The traditional second-storey roofline is “broken” by a prominent bricked gable with broad mullioned window and arched transom. The garage wing is defined by a rhythmic double gable and decorative oval window medallion.
