THE KILBRIDE

3928 Square Feet

» Stately and traditional with a formal elegance and timeless quality, The Kilbride is an heirloom home. A grand verandah with impressive columns defines this centre hall entry. Formal mullioned windows flank the handsome front door with its transom and sidelight surround for perfect balance. The second floor reveals equally strong lines with a recessed central shutter window balanced by two different but complimentary gabled peaks. The garage wing has a residential manor home façade with tumbled stone and three lovely windows that discreetly house a two-car garage very nicely! The Kilbride also enjoys extra width with an additional side extension at the rear of the home.
